MINUTES  
January 1985  
DIRECTOR'S MEETING

N3DHI, in the absence of our President, (W3SRU seems to be lost in the Boonies of Delaware) opened the meeting, held at the home of W3's IIM and IIN, at 8:04:18 P.M., on Wednesday, January 16th. In attendance were W3's BBBB, VVS, & K3GNM. W3VVS made a motion to dispense with the reading of the minutes of the January General Meeting. The motion was passed. In the absence of the treasurer, (Good Grief, did KB3IV go south already?) there was no treasurer's report. (This meeting will go down in PMRC history as the having the smallest attendance and being the shortest ever recorded)

The membership application of N3BBB, Ernie Congleton, was read and a motion was made to admit him to membership. The motion was approved.

N3DHI said that he thought he had located the "Grunge" and a discussion followed as to how to handle the situation. There were some rather rude suggestions made as what to do about the "NOISE", but the Rick thought we should file a complaint with the FCC and let them handle the problem. He will pursue the matter further.

A tentative schedule of dates for 1985 Directors Meetings was selected and will be published in the next Blurb, following the approval of the President. (If he ever gets through traipsing about the country.)

The date and location for Stag Night (Can't we do something about that?!) was discussed and it was agreed that it should be held again this year at the Picket Post and the date will be April 17th. W3IIM will make the reservation and get a menu together.

The meeting was adjourned at 9:11:22.

Respectfully submitted

Virginia Haring, W3IIN - Secretary

MINUTES  
February 1985  
GENERAL MEETING

The 423rd General Meeting of the Phil-Mont Mobile Radio Club was called to order at 8:05 P.M. on February 4, by W3SRU. W3IIM, standing in for W3IIN, and recreating her 'Dolly' act, read the minutes of the January 16th Directors Meeting. KB3IV gave the Treasurer's Report and both were approved. Ed emphasized that dues were due NOW and to please pay before the deadline of Feb. 28. He also reminded ARRL members to renew their memberships through Phil-Mont and anyone who is not an ARRL member and wishes to become one, to please join through the club.

WA3KLR, substituting for W3VVS reported that there were 32 members and 2 visitors present. Tom introduced Derrick Pitts, KA3NQN and Warren Guss, Jr. W3GQP.

Gil asked for a volunteer to chair the Prize and Raffle committee, to provide prizes for the raffle which is being run as a 50/50 drawing at present.

N3ADI reported that there is a lot of DX activity on 160m.

WB3CMM asked for more 2m Net Controls.

W3PWG reported that W3TKQ will be moved sometime towards the end of March. Rollie also said he was having a problem with the VHF/UHF antenna and they are using a Mag Mount temporarily.

N3DHI reported that the spur which has been disrupting the repeater for about 9 months, has finally been eliminated. The offender was Roxborough Memorial Hospital's paging service. It was also interfering with Fire Frequencies in Montgomery County and Southern New Jersey. Rick called the FCC on Monday and by Friday the spur was GONE. W3BBB then read a proclamation naming Rick 'Hero of the Month' and 'Spur Buster 1'. A large 'HERO' medallion was then hung around N3DHI's neck. Thanks Rick for your unflagging efforts.

W3SRU said that the following people have volunteered to have Mid Month Meetings: Feb.-KB3IV; Mar.-W3IRS; Apr.-Stag Night; May-W3GQD; June-W3's IIM & IIN; July-WB3KOJ & KOH; Aug.-KC2HX & N2CYA; Dec.-W3AA. Sept., Oct., & Nov. are still open.

W3BBB reported that Budget and Audit Committee met and have put a budget together for 1985 which will be presented at the next Directors meeting for approval and published in the April Blurb.

WB3CMM suggested that the club buy ARRL equipment insurance for W3TKQ before it is moved to insure against damage or loss during the move.

N3DHI then gave a very informative and interesting program on The Volunteer Fire Service.

The meeting was adjourned at 9:46 and refreshments were enjoyed by all.

Respectfully submitted

Virginia Haring, W3IIN - Secretary

30 YEARS AGO  
MARCH 1955

Visitors: W3ADV (new member), W3AWH.

New mobiles: W3CDY, W3FUY, W3UNQ.

W3ADF gave a report on license plates ... W3SMA is looking for the fellows on 75 from the Pilot Boat in the Delaware ... A rig hunt is scheduled for March 6th. See MBE (Money Bags Ernie) for particulars ... W3UVL offered to photographically reduce the club roster for use in the car.

The Field day committee is organized again with W3QZD at its head & W3QQH, W3DSG, W3QZP, W3KNC, W3CNO for support.

W3GIF has a fine asst. op. named "Pito" ... Elaine did it again - the little newcomer at the QOH adobe (sic) is now strong enuf to be told that Spence is her Pop! ... W3SGR invites all hams to call CQ in front of the Narberth Movie to prove that his rig is not the only one to cause TVI on a certain TV.

General Meeting Program was an illustrated talk, by Ed. Kushner, W3HKZ, on the 6 meter repeater that is located on channel 10's TV tower.

From the "Northern Reporter":

W3KNH, Irv, has been appointed to get the banquet ball rolling again ... Did you see W3PST at the last meeting? Great Guy - he's getting frost on top like all the rest of us.

Odds 'n ends:

W3QQH was listening on Channel 1 while mobile in Florida. He heard W3PXY calling a W5; Spencer couldn't get his car turned around fast enough to get his whip pattern headed North to contact ole "NR".

While Jim and Elaine stopped in a motel in Florida, they found a QSL from 'ADV waiting for them, since Fred and Emma stopped there the night before. When Jim and Elaine were ready to leave, Bob and Mary Sutter, W3SOB drove in!

# Proclamation

WHEREAS, the users of the .63/.03 repeater, sponsored by  
THE PHIL-MONT MOBILE RADIO CLUB, INCORPORATED,  
do enjoy communicating through this machine, and have enjoyed trouble-free operation due  
to the superior maintenance of their favorite repeatermen, and:  
WHEREAS, this near-perfect operation has been punctuated,  
in recent months, by the appearance of a *Spurious Emission* dubbed:  
"THE GRUNGE"  
which produced an upheaval hitherto unknown to PHIL-MONT, and:  
WHEREAS, through precipitous action by one of its members, this annoying interference,  
which has produced nearly as much flak as the lack of an AUTOPATCH,  
has been located, identified, and cleared from our midst:  
NOW THEREFORE, be it resolved that the users of said .63/.03 machine  
do hereby BESTOW, CONFIRM and IMPOSE on the person of

## ANTENNAS NOT A HAZARD

From the Jan. 25, 1985 Wall Street Journal

An environmental Protection Agency report suggests that radio-frequency radiation from radio and television antennas doesn't pose a significant health risk to the public.

The report was welcomed by broadcasters, who occasionally have faced local opposition to new facilities based on fears of excessive radiation, which can overheat the human body.

The EPA studied radiation exposure at 21 locations near a cluster of broadcasting antennas in Honolulu. It found that exposure levels at a few of the points exceed one or more thresholds recognized as potentially posing health risks.

But the agency concluded that these are limited, outdoor areas where people, other than maintenance employees, are unlikely to linger long enough to sustain prolonged exposure. It concluded that public health isn't threatened, but that some workplace protections may be appropriate.

from the rear seat - - -

Hmm, can't get any more to the rear than the last page, bottom, yet. Say, how'd you like that last issue? February, you remember, don't you? Wasn't it great?! Just shows to go ya what new ideas, new blood (Jack's and Jinny's), new equipment can do for your BLURB. Oh, they had help. KOJ has been ready, willing and able to do his bit, ably assisted by KB3IV. But, Jack and Jinny, that's W3IIM & W3IIN, respectively and respectfully, Jerrie(that's my blond book-end) and I thank you for carrying it all through while we were off to warmer climates. And they weren't all that warm. As

you-all were enjoying(?) zero degree weather, most of our hostess's(Jerrie's sister) plants froze to death, literally, in the North Miami area.. But, then I'm sure you heard about that. Well, enough of that.

For your convenience, this page is a tear-off. Just fill it in and mail it accompanied by you-know-what.

This issue includes some ideas I swiped from Jack in an effort to reduce our publishing costs. If you have some, send them along.
